- Automated Software Testing with Python.

Professional Experience

Self-employed: Sevak construction LTD March 2022-Present

I acquired valuable skills through proactive networking and cultivating professional relationships while actively engaged in my role. As a self-starter, I successfully established a new business venture, meticulously attending to all the necessary financial and legal documentation. I effectively collaborated with diverse teams and trades, fostering clear cross-communication channels to facilitate seamless operations. Furthermore, I adeptly communicated and formulated comprehensive scopes of work with clients and other professionals. Demonstrating strong problem-solving acumen, I skilfully addressed unforeseen challenges, employing innovative strategies to reach satisfactory resolutions.

South and City College: Job Title Building support Staff (BSS), August 2020-March 2022

Team collaboration to make sure all the jobs of the day were resolved or actioned.

Poundstretcher: Job title, Assistant Manager Jan 2018- August 2020

Employing agile work practices, I effectively led and guided my staff to achieve both store targets and ensure exceptional customer satisfaction. Operating with composure and efficiency under demanding circumstances, I consistently ensured outstanding performance in mystery shopper assessments and evaluations. Throughout my tenure as an assistant manager, I maintained a flawless track record, achieving a 100% success rate in these assessments.

Killol's Fish LTD Job title: Director own business February 2017-Jan 2018

I diligently completed all requisite legal documentation, ensuring meticulous attention to detail to operate in full compliance with relevant legislation. With a keen focus on financial management, I adeptly handled cash flow and profit and loss, utilizing Excel spreadsheets, and implementing efficient invoicing systems.

Subway Job Title: Area Manager: April 2010-Feb 2017

In my capacity as a manager, I successfully oversaw the operations of five Subway stores, requiring me to adeptly manage diverse responsibilities across multiple locations. These encompassed critical areas such as inventory management, delivering exceptional customer service, and efficiently scheduling staff rotations.
